# Cordless Desktop® EX100

**Go cordless - it has never been so easy and reliable**

- **Reliable cordless technology eliminates cable clutter from your desk**
- **Easy USB connectivity with any notebook or desktop PC**
- **Low profile, silent keys for outstanding typing comfort**
- **Space-saving design streamlines your work area**
- **1000-dpi optical technology offers excellent tracking precision**
- **Spill-resistant keyboard means little accidents won't cause worries**
- **Documentation and software in English**
- **5-year guarantee**
- **Full product support**

The Logitech® Cordless Desktop® EX 100 is the easiest way to go cordless. In fact, it's never been so easy and reliable. The USB receiver connects easily and enables fast setup. User-friendly, customisable F-keys give you instant access to your multimedia. The smooth-tracking optical mouse has a 1000 dpi high-performance optical engine that delivers precision and control. The attractive design features glossy-black highlights and complements any workspace, while the compact footprint saves space without sacrificing comfort. Solid construction features long-lasting UV-coated key printing and spill-resistant design for improved durability.

# Logitech® Cordless Desktop® EX100
